Short outline of Ed					
Chort outline of Lt		new m	ndule within the IRN	AS curriculum This	
	Emerging Markets is a new module within the IBMS curriculum. This module will be an introduction of Global Strategic Management for				
	Emerging Markets.				
	IPMS graduates will a	ontor on :	ntornational field of	professions Marketine	
	IBMS graduates will enter an international field of professions. Marketing,				
	finance and logistic positions will be found in multinational enterprises.				
	Understanding how strategic decisions are mad facilitates student's				
	career. Besides the developed economies, North America, Europe, and				
	Japan the power of emerging economies is increasing. An IBMS graduate must understand the opportunities and threats of this emerging				
	economies in order to make successful strategic career choices.				
	Leconomies in order to	make St	accessiui strategie (	Jaieei Ciluices.
