

Onboarding International Students

Dear student, welcome to ABN AMRO. There are several ways to become a customer with us. We will explain beneath here what is needed to become a customer via which way.

This must be arranged already

First we want to mention what is necessary to have arranged for becoming a customer:

- **A BSN-number:** This is the Dutch social security number and Tax Identification Number. You will get this number when registering yourself at the municipality. This is mandatory for opening a bank account.
- **Stay longer than 6 months in The Netherlands:** For opening an account it is mandatory that you will study longer than 6 months in The Netherlands. When you stay here for only one semester it is not possible to open an account.
- **Younger than 18 years old:** Your parent or guardian needs to be present at the appointment, otherwise it is not possible to open an account at ABN AMRO. When you are younger than 18 years old an appointment at one of our branches is necessary.
- **Older than 30 years old:** Unfortunately it is not possible to open a student account, you are able to open a regular payment account via our app or website.

Make sure you have proof you are studying in The Netherlands, we can always request you to handover a letter of enrolment, student card or something else what proofs that you study here.

Tip: Use only your official address as mentioned on the forms when registering at the municipality, do not use any map-app, mostly the address will then be incorrect.

With a passport

That is the most easy!

1. Download the ABN AMRO app via the Apple Appstore or Google playstore.
2. Click on the button for opening a new account and walkthrough all the steps in the app.

Tip: Do you need any help with the steps in the app? Click [here](#) for an explanation on our website.

After finishing the steps in the app, it is our turn to get it started. Your account can be opened fairly quick, we will keep you updated via the contact information you have filled in about the status of your request.

Without a passport

You will need to have an European ID-card (no drivers license)

1. Go to our webpage to become a customer, please use this [link](#).
2. Click on the button "become a customer" and walkthrough all questions and steps.
3. When all steps are completed you will receive a confirmation off your request in your mail.

After finishing the steps on our website, it is our turn to get started. You will be updated via the contact information you have filled in about the status of your request. With the application via our website, we will visit you at your home for the identification. Our partner, AMP, will make an appointment with you for a visit to identify you and sign the application documents.

Younger than 18 years old?

You can make an appointment at any of our branches via 088 - 226 2635. The request via our branches can take longer than the request via our app or website.
